CMS Citations: Web Example

Footnote Example:

Author
- List the author’s first name.
- List the author’s last name, followed by a comma.
- If there are two authors, separate the names with the word “and.”

Title and Subtitle
- The title of the web page should be in quotes.
- Capitalize every word of the title, excluding articles (a, an), coordinating conjunctions/fanboys (for, and, nor, but, or, yet, so), and prepositions (to, with, without, by, at, around, after, along, for, on, etc.).
- If there is a subtitle, add a colon after the main title, then include the entire subtitle. If there is no subtitle, do not include a colon.
- Follow title/subtitle information with a comma. Make sure that the comma is inside the quotation marks.

Publishing Organization or Name of Website
- List the publishing organization or name of website, followed by a comma.
- Capitalize accordingly.

Date
- List the publication date and/or the access date if available, followed by a comma.

URL
- List the URL, followed by a period.
Bibliography Example:

Author
- List author’s last name, followed by a comma.
- List author’s first name, followed by a period.
- If there are two authors, list a comma after the first author’s first name, followed by the word, “and.”
- Then, list the second author’s name normally, with the first name coming first and the last name coming second. End with a period.

Title and Subtitle
- The title of the web page should be in quotation marks.
- Capitalize every word of the title, excluding articles (a, an), coordinating conjunctions/fanboys (for, and, nor, but, or, yet, so), and prepositions (to, with, without, by, at, around, after, along, for, on, etc.).
- If there is a subtitle, add a colon after the main title, then include the entire subtitle. If there is no subtitle, do not include a colon.
- End title with a period. Make sure that the period is inside the quotation marks.

Publishing Organization or Name of Website
- List the publishing organization or name of website, followed by a comma.
- Capitalize accordingly.

Date
- List the publication date and/or access date if available, followed by a period.

URL
- List the URL, followed by a period.
